**SUPPLEMENTARY INFORMATION:**

*Rationale.* The EPA received a request for additional time to review and comment on the supplemental proposed rule from a regulated entity (Freeport-McMoran Miami, Inc.). This request is available in the docket (Docket ID No. EPA-HQ-OAR-2020-0430). They noted that a document in the docket (Docket ID No. EPA-HQ-OAR-2020-0430) contained typographical errors. Specifically, the memorandum that was intended to show the proposed rule edits (in redline strikeout) that would be necessary to incorporate the changes to 40 CFR part 63, subpart QQQ proposed in the action published on July 24, 2023 (88 FR 47415) was inadvertently converted to a clean document before it was posted to the docket. We posted the updated correct document to <https://www.epa.gov/stationary-sources-air-pollution/primary-copper-smelting->

*national-emissions-standards-hazardous-air*, to replace the previous document (that had the typographical errors). We also added the correct document to the docket, under Docket ID No. EPA-HQ-OAR-2020-0430, which is available at <https://www.regulations.gov>, and notified the entity within 8 days of publication of the supplemental notice. After considering this request, the EPA has decided to extend the public comment period by 15 days to provide all parties with an opportunity to review the updated document. The public comment period will now end on September 22, 2023.

*Docket.* The EPA has established a docket for this rulemaking under Docket ID No. EPA-HQ-OAR-2020-0430. All documents in the docket are listed in <https://www.regulations.gov/>. Although listed, some information is not publicly available, *e.g.*, Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy. With the exception of such material, publicly available docket materials are available electronically in Regulations.gov.

*Instructions.* Direct your comments to Docket ID No. EPA-HQ-OAR-2020-0430. Do not submit electronically to <https://www.regulations.gov/> any information that you consider to be CBI or other information whose disclosure is restricted by statute. This type of information should be submitted as discussed below.

If you submit an electronic comment, the EPA recommends that you include your name and other contact information in the body of your comment and with any digital storage media you submit. If the EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, the EPA may not be able to consider your comment. For CBI information on any digital storage media that you mail to the EPA, note the docket ID, mark the outside of the digital storage media as CBI, and identify electronically within the digital storage media the specific information that is claimed as CBI. In addition to one complete version of the comments that includes information claimed as CBI, you must submit a copy of the comments that does not contain the information claimed as CBI directly to the public docket through the procedures outlined in *Instructions* above. If you submit any digital storage media that does not contain CBI, mark the outside of the digital storage media clearly that it does not contain CBI and note the docket ID. Information not marked as CBI will be included in the

public docket and the EPA's electronic public docket without prior notice. Information marked as CBI will not be disclosed except in accordance with procedures set forth in 40 Code of Federal Regulations (CFR) part 2.

If assistance is needed with submitting large electronic files that exceed the file size limit for email attachments, and if you do not have your own file sharing service, please email [oaqpscbi@epa.gov](mailto:oaqpscbi@epa.gov) to request a file transfer link. If sending CBI information through the postal service, please send it to the following address: OAQPS Document Control Officer (C404-02), OAQPS, U.S. Environmental Protection Agency, P.O. Box 12055, Research Triangle Park, North Carolina 27711, Attention Docket ID No. EPA-HQ-OAR-2020-0430. The mailed CBI material should be double wrapped and clearly marked. Any CBI markings should not show through the outer envelope.
